Claims 1-12, 14-16, 18, 19, 21-28, 30-32, 34 and 37 are allowable. The restriction requirement among species, as set forth in the Office action mailed on July 27, 2005, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 13, 17, 20, 29, 33, 35 and 36, directed to include the subject matter of Group II, Group III, Group 2, Group 3, Group 4, Geometry 3 and Geometry 4 are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. However, claims 45-53, directed to an activatable fastening system including hooks with an actuation member remain withdrawn from consideration because they do not all require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

This application is in condition for allowance except for the presence of claims 45-53 directed to species non-elected without traverse. Accordingly, claims 45-53 have been cancelled.

The following is an examiner's statement of reasons for allowance: The reasons for allowance provided by applicant in the response received August 2, 2007 on page 9, section A through the completion of section E on page 14 are incorporated herein as the reasons for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
